Tips for Sophomores

- Attend classes! If you must miss, email or speak with your teacher about the make-up work and get it turned in in a timely manner.
- Complete all assignments! One zero will bring your grade down a LOT!
- Check your student portal at least weekly (most check daily).
- Ask your teacher for help when needed.
- Get involved in at least one extra-curricular activity.
- Seek community service opportunities to make a difference
- Remember that in two short years, you will be applying to college. Colleges will evaluate your grades earned in grades 9-12 and will oftentimes make admissions decisions based on your grades in grades 9-11.
